---	--	---

How to Report to 119(National 119 Rescue Services)

- Report the location of the injured person.**
 - Give the address of the location or the name of a big building around the location of a well-defined landmark. Be specific when describing the location to the operator, for example, "The injured person is in the basement of 00."
- Explain precisely what and how it happened.**
 - For example, tell the operator, "The injured person fell from a ladder and cannot move."
- Explain the patient's status specifically.**
 - For example, tell the operator, "The patient is bleeding from the head."
 - Also, explain specifically if a first-aid treatment is done, for example, saying, "The bleeding area is pressed firmly."
- Potential Danger and Hazards.**
 - Report any dangerous situations or events for, such as, fire accident, potential collapsing of a structure or building, toxic dusts or gas leakage, danger for explosion or electric shock or traffic accident.
- Stay connected!**
 - If you do call 119, do not hang up the phone until the 119 call taker says it is okay to hang up. Make sure to give your name and telephone number to the 119 call taker. Stay connected until an ambulance arrives at the accident site.
